G3
Périmètre et aire

Le périmètre d'une figure est la mesure de son contour.

Carré	Rectangle	Triangle	Disque
			$P = 4 \times c$	$P = 2 \times (L + l)$ $P = 2 \times L + 2 \times l$	$P = a + b + c$	$P = 2 \times \pi \times r$ $P = \pi \times d$

Carré	Rectangle	Triangle	Disque
			$A = c \times c$	$A = L \times l$	$A = \frac{c \times h}{2}$	$A = \pi \times r \times r$ $A = \pi \times r^2$

L'aire d'une figure est la mesure de sa surface
